

Cornelius Elementary School

A Message from the Principal

Dear Cornelius Elementary School families:

This is the second School Progress report for Cornelius Elementary. We are sending this to you so that you may be fully informed about our students' academic progress, our staff and our school environment.

I am excited to present our End-of-Grade test results for the 2008-2009 school year, which show the outstanding growth our students achieved. Our composite proficiency rate on the math tests was 94 percent, which is an increase of 3.9 percent from the previous year (without retests). In reading, our composite proficiency rate was 85.6 percent, an increase of 5.8 percent (without retests), while in science, our composite proficiency rate jumped by 3.8 percent (without retests) to 86.7 percent. These results are outstanding and reflect our commitment to maximizing student achievement.

I am proud to report that our school made High Growth both overall and in math. This means that our students made more growth than expected compared to other schools in the state.

We also made Adequate Yearly Progress (AYP), the standard set for schools by the No Child Left Behind Act. Our school had 19 targets to meet, and we met all of them. This is a great accomplishment because we did not make AYP the previous year.

At Cornelius, we continue to use research-based teaching strategies to ensure maximum student achievement. Some of these strategies are Sheltered Instruction Observation Protocols to help our English language learners, differentiated instruction for mixed-ability classrooms and best teaching practices. Our staff development

(Principal's message continued on back)

KEY FACTS

Data effective as of spring 2009

Principal

James Garvin

email: j.garvin@cms.k12.nc.us

Grades

K - 5

School Population

- 713 Students
- 48 Teachers
- 1 Assistant Principal
- 1 Student Services Specialist
- 31 Support Staff

Student Demographics

- 9.3% African American
- 70.1% White
- 11.8% Hispanic
- 3.1% Asian
- 5.8% Other
- 26.1% of students qualify for free or reduced-price lunch

CMS 2010 Strategic Plan Goals	Key Performance Measures	CMS 2010 Goal	CMS Result 2008 - 2009	School Result 2008 - 2009
<p>High Academic Achievement</p> <p>Students in grades three through eight who do not pass the End-of-Grade tests may take the test again. Retests often raise a school's score at least slightly, because some students pass the test on the second try. Retest results were not included in school scores until 2008-2009. Comparing the 2007-2008 scores and the 2008-2009 scores is therefore not valid, because the scores were not calculated the same way.</p> <p>Disparity between socioeconomic groups is shown as a positive percentage when non-economically disadvantaged students outscore economically disadvantaged students; a negative percentage indicates the reverse.</p> <p><i>Data effective as of 7/14/09</i></p>	Students performing at or above grade level overall ¹	—	72%	89.2%
	Students performing at or above grade level in reading	95%	68%	85.6%
	Students performing at or above grade level in math	88%	80%	93.5%
	Students performing at or above grade level in science	80%	60%	86.7%
	Disparity between racial/ethnic groups in reading	10%	34%	41.8%
	Disparity between racial/ethnic groups in math	10%	26%	19.2%
	Disparity between racial/ethnic groups in science	10%	44%	42.8%
	Disparity between socioeconomic groups in reading	10%	28%	34.8%
	Disparity between socioeconomic groups in math	10%	18%	10.8%
	Disparity between socioeconomic groups in science	10%	32%	38.5%
<p>Effective Educators</p>	Teachers deemed highly qualified, having appropriate educational backgrounds and state certification(s) for the grade levels and subjects they are teaching	99%	100%	100%
	National Board-certified teachers	17%	13%	18%
	Teachers with graduate degrees	36%	35%	44%
	Teachers' average years of experience	11.2	10.3	10.6
<p>Adequate Resources & Facilities</p>	Student/Computer Ratio	5:1	3:1	3:1
<p>Safe & Orderly Schools</p>	Passed the CMS safe school audit	YES	YES	YES
	Parents who indicate this is a safe school ²	70%	96%	96.1%
	Students who indicate this is a safe school ²	80%	93%	88.9%
	Teachers who indicate this is a safe school ^{1,2}	—	89%	95.8%
	Number of incidents resulting in in-school suspensions ^{1,3}	—	—	0
	Number of incidents resulting in out-of-school suspensions ^{1,3}	—	—	5.0
<p>Freedom & Flexibility with Accountability</p>	Principal has been granted additional freedom and flexibility ¹	—	—	NO
<p>World-Class Service</p>	Parents who indicate satisfaction with the responsiveness of staff at this school ²	80%	88%	85.2%
<p>Strong Parent & Community Connections</p>	Parents who indicate satisfaction overall with this school ^{1,2}	—	86%	79.8%
	Number of volunteer hours ⁴	Increase by 25% district-wide	—	1,154
	Number of business and community partnerships	Increase by 25% district-wide	—	16

¹Not a CMS 2010 goal

²Based on responses to 2008-09 survey; multiple survey items may have been used to create a composite

³Incidents per 100 students

⁴Per 100 students

CMS Accountability Measures

The learning of students in public education is measured in multiple ways. There are assessments given at regular intervals by CMS—tests that we use to measure how students are learning as the school year progresses. Other tests are required by the state and given once or twice a year, such as End-of-Course and End-of-Grade tests. Some of the state test results are also used to calculate district progress on the federal standard of Adequate Yearly Progress for each student. This page provides brief explanations of some of the measures and tests used in CMS.

► Adequate Yearly Progress (AYP)

Our school **DID** make AYP
(19 of 19 goals met)

The federal No Child Left Behind Act requires that every school make Adequate Yearly Progress (AYP). AYP is an all-or-nothing standard: Every target must be met.

State test results are used to set AYP targets. There are separate targets for the school as a whole and for nine subgroups of students: white, black, Hispanic, Native American, Asian, multiracial, economically disadvantaged students, students with limited English proficiency and students with disabilities. Subgroups of students are measured separately so that an overall score for a class or a school does not mask poor results within a subgroup.

Some schools are more diverse than others, so the number of subgroups varies by school. Therefore, the number of AYP targets varies by school, too. Some schools may have only a few targets to meet; others may have the maximum, which is 41. School attendance and graduation rates are also measured for AYP.

For a more complete overview of AYP, visit www.dpi.state.nc.us/nclb/abcayp/overview/ayp

For details of AYP results for our school and its student groups, visit <http://ayp.ncpublicschools.org>

► ABC Designation

Our school's designation: **School of Distinction**
(DID meet high growth expectations)

Proficiency: 89.2%

The North Carolina ABCs program was introduced more than a decade ago to help schools improve. It uses two basic measures to assess a school's performance: the Average Growth of students (at right); and the Performance Composite, which measures how well students performed against a state-set standard of academic achievement.

Schools are given one of seven designations. In descending order, they are: Honor School of Excellence, School of Excellence, School of Distinction, School of Progress, No Recognition, Priority School, and Low Performing.

For more information about ABCs, visit <http://abcs.ncpublicschools.org/abcs>

► Average Growth

State Standard: 80%
Our School: 84.7%

Did our students meet the state's expectation for academic growth? Each student is expected to perform as well (or better) on the End-of-Grade assessment as he or she did, on average, during the previous two years. Average Growth for a school is calculated by comparing actual performance to expected performance and then averaging the difference across all students and all subjects. The score above reflects the combined growth rate of all of our students. To make expected growth, a school must have a score of 80% or higher.

► Students Making or Exceeding a Year's Worth of Growth

State Standard: 60%
Our School: 68.2%

Did our students learn as much as they were expected to learn this year? As described above, the state sets expectations for each student based on individual performance for the previous two years. Across the state, about half of students typically meet or exceed this growth expectation. To earn the high-growth designation, a school must meet the average-growth standard described above and also have more than 60% of its students make expected growth.

► Amount of Growth for Students in the Lowest Achieving Group

Our School: 83.2%

Are we helping our low achievers catch up? Historically, some poor and minority students have trailed their classmates in academic achievement. This is called the achievement gap, and closing it is one of the biggest challenges in public education. If the lower-achieving students at a school show academic growth at a faster rate than higher-achieving students, the achievement gap is narrowed. When the percentage for this measure is higher than the Average Growth for the school, the school is closing the achievement gap.

► Positive Responses to Multiple Student Survey Items

Our School's Results:	Safety	89%
	Encouragement	95%
	Engagement	94%

Do our students perceive this school as safe and welcoming? This measure is subjective—it is taken from a student survey.

▶ Cornelius Elementary School

(Principal's message continued)

will focus on rigor and training in differentiation to ensure that we teach to the learning levels of all students.

To further increase student achievement, we continue to evaluate each student's progress, adjust instruction as necessary and increase collaboration with students and parents.

We have set four important goals for the 2009-2010 school year: increase math proficiency to 98 percent, increase reading proficiency to 95 percent, increase science proficiency to 94 percent and increase overall student proficiency to 95 percent.

We will continue to use our character-education programs and quarterly Cougar Paw program to recognize good character, behavior and academic achievement. Students will also be involved in setting their own academic and personal goals on

a quarterly basis. In addition, all grade levels will focus on community-service projects each semester.

I know that we can meet our ambitious goals through the collaborative efforts of staff, students, parents and the community. Our ultimate goal is to become a School of Honor, where all of our students are demonstrating 90 percent proficiency in all subjects. As always, thank you for your support and cooperation as we continue the journey of academic excellence and positive relationships.

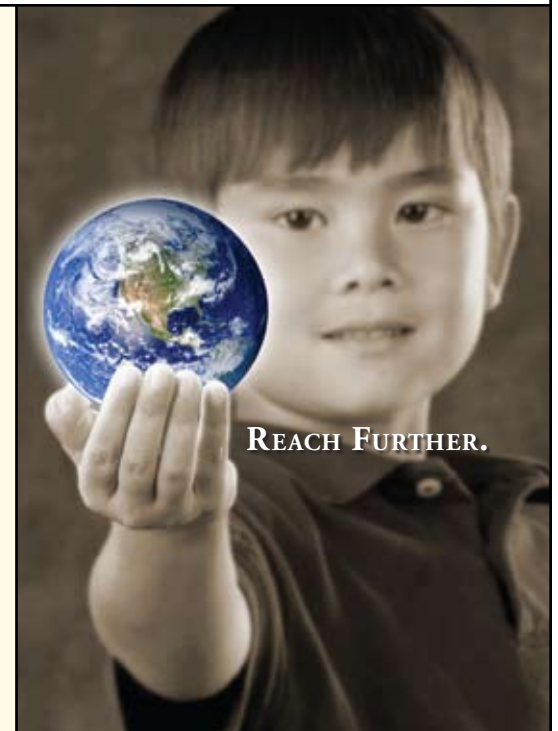

Sincerely,
James T. Garvin
Principal

What is the School Progress Report?

In 2006, we introduced the *Charlotte-Mecklenburg Schools Strategic Plan 2010* outlining our vision and strategy to educate our students to compete locally, nationally and internationally.

The plan outlines seven areas of concentration: high academic achievement; effective educators; adequate resources and facilities; safe and orderly schools; freedom and flexibility with accountability; world-class service, and strong parent and community connections. This report summarizes how our school performed in the 2008-09 school year in making progress on these seven goals. On page 3, you will also find an explanation of federal and state accountability measures.

Educators and parents have a common goal of preparing our children to compete in an ever-growing global community. Working together requires frequent dialogue between school and parents, so please feel free to contact the principal or any staff member at our school.

REACH FURTHER.
