

# ▶ Endhaven Elementary School

## A Message from the Principal

To our Endhaven Elementary School families:

This is the second School Progress Report for Endhaven Elementary, part of our effort to keep our families fully informed about our students' academic progress, our staff and our school environment.

On the North Carolina End-of-Grade tests, students who initially failed to meet grade-level proficiency were allowed to retake the tests. The results below include the retest scores.

On the reading test, 86.5 percent of our students scored at or above grade level. Our students in third, fourth and fifth grades made Expected Growth. In math, Endhaven students scored an impressive 89.4 proficient and made High Growth. Our fifth-grade science scores indicated a proficiency rate of 83.8 percent, and the creation of a science lab this year should see that rate increase in the 2009-2010 tests.

Endhaven made Adequate Yearly Progress, the standard set for schools by the No Child Left Behind Act, by meeting all 17 of our targets. We were also recognized as a School of Distinction.

So what are we doing to build on our students' academic progress? We are using differentiated instruction, a flexible teaching approach that adapts the curriculum to individual learning needs. We are also increasing our use of technology to promote learning and global competitiveness. Finally, we are forming grade-level teams to analyze data and formulate strategies to improve teaching and learning.

Our faculty is strong, with 98 percent of our teachers highly qualified and experienced. This will help continue to raise academic achievement. We have 11 teachers who have obtained

*(Principal's message continued on back)*

## KEY FACTS

*Data effective as of spring 2009*

### Principal

Dr. Rhonda L. Gomez  
email: [rhonda.gomez@cms.k12.nc.us](mailto:rhonda.gomez@cms.k12.nc.us)

### Grades

K - 5

### School Population

- 711 Students
- 41 Teachers
- 1 Assistant Principal
- 2 Student Services Specialists
- 29 Support Staff

### Student Demographics

- 12.0% African American
- 58.5% White
- 12.4% Hispanic
- 10.1% Asian
- 7.0% Other
- 19.5% of students qualify for free or reduced-price lunch

### Learning Community

South

Area Superintendent: Tyler Ream

	Number of business and community partnerships	Increase by 25% district-wide	—	<b>4</b>

<sup>1</sup>Not a CMS 2010 goal

<sup>2</sup>Based on responses to 2008-09 survey; multiple survey items may have been used to create a composite

<sup>3</sup>Incidents per 100 students

<sup>4</sup>Per 100 students

# CMS Accountability Measures

The learning of students in public education is measured in multiple ways. There are assessments given at regular intervals by CMS—tests that we use to measure how students are learning as the school year progresses. Other tests are required by the state and given once or twice a year, such as End-of-Course and End-of-Grade tests. Some of the state test results are also used to calculate district progress on the federal standard of Adequate Yearly Progress for each student. This page provides brief explanations of some of the measures and tests used in CMS.

## ► Adequate Yearly Progress (AYP)

Our school **DID** make AYP  
(17 of 17 goals met)

The federal No Child Left Behind Act requires that every school make Adequate Yearly Progress (AYP). AYP is an all-or-nothing standard: Every target must be met.

State test results are used to set AYP targets. There are separate targets for the school as a whole and for nine subgroups of students: white, black, Hispanic, Native American, Asian, multiracial, economically disadvantaged students, students with limited English proficiency and students with disabilities. Subgroups of students are measured separately so that an overall score for a class or a school does not mask poor results within a subgroup.

Some schools are more diverse than others, so the number of subgroups varies by school. Therefore, the number of AYP targets varies by school, too. Some schools may have only a few targets to meet; others may have the maximum, which is 41. School attendance and graduation rates are also measured for AYP.

For a more complete overview of AYP, visit [www.dpi.state.nc.us/nclb/abcayp/overview/ayp](http://www.dpi.state.nc.us/nclb/abcayp/overview/ayp)

For details of AYP results for our school and its student groups, visit <http://ayp.ncpublicschools.org>

## ► ABC Designation

Our school's designation: **School of Distinction**  
(DID meet high growth expectations)

**Proficiency: 87.3%**

The North Carolina ABCs program was introduced more than a decade ago to help schools improve. It uses two basic measures to assess a school's performance: the Average Growth of students (at right); and the Performance Composite, which measures how well students performed against a state-set standard of academic achievement.

Schools are given one of seven designations. In descending order, they are: Honor School of Excellence, School of Excellence, School of Distinction, School of Progress, No Recognition, Priority School, and Low Performing.

For more information about ABCs, visit <http://abcs.ncpublicschools.org/abcs>

## ► Average Growth

State Standard: 80%  
**Our School: 82.9%**

Did our students meet the state's expectation for academic growth? Each student is expected to perform as well (or better) on the End-of-Grade assessment as he or she did, on average, during the previous two years. Average Growth for a school is calculated by comparing actual performance to expected performance and then averaging the difference across all students and all subjects. The score above reflects the combined growth rate of all of our students. To make expected growth, a school must have a score of 80% or higher.

## ► Students Making or Exceeding a Year's Worth of Growth

State Standard: 60%  
**Our School: 64.1%**

Did our students learn as much as they were expected to learn this year? As described above, the state sets expectations for each student based on individual performance for the previous two years. Across the state, about half of students typically meet or exceed this growth expectation. To earn the high-growth designation, a school must meet the average-growth standard described above and also have more than 60% of its students make expected growth.

## ► Amount of Growth for Students in the Lowest Achieving Group

**Our School: 81.1%**

Are we helping our low achievers catch up? Historically, some poor and minority students have trailed their classmates in academic achievement. This is called the achievement gap, and closing it is one of the biggest challenges in public education. If the lower-achieving students at a school show academic growth at a faster rate than higher-achieving students, the achievement gap is narrowed. When the percentage for this measure is higher than the Average Growth for the school, the school is closing the achievement gap.

## ► Positive Responses to Multiple Student Survey Items

<b>Our School's Results:</b>	<b>Safety</b>	<b>96%</b>
	<b>Encouragement</b>	<b>98%</b>
	<b>Engagement</b>	<b>98%</b>

Do our students perceive this school as safe and welcoming? This measure is subjective—it is taken from a student survey.

# ▶ Endhaven Elementary School

*(Principal's message continued)*

National Board for Professional Teaching Standards certification, and three teachers have been recognized as Professional Development Master Teachers.

We continue to provide enrichment activities for our students, including a Talent Development program for grades two through five. We offer a variety of clubs and activities to support students' social and emotional growth, including an award-winning chess club, drama club, Girls on the Run, Play Spanish and student council to name a few. We are currently looking to add Battle of the Books, Science Olympiad and a science fair. To support character education, we reward positive behavior and achievement with an honor roll and Principal's Award program.

Endhaven has a supportive, orderly environment in which students and teachers treat each other with respect. That will continue. We are also fortunate to

have a very involved PTA. Our parents support the school by serving as tutors, room parents, volunteers and committee representatives.

Endhaven Elementary is dedicated to maintaining high standards for academic performance and behavior. Our mission at Endhaven is to foster a nurturing, challenging, safe school environment that builds a foundation for lifelong learning.

Sincerely,  
Dr. Rhonda L. Gomez  
*Principal*

## What is the School Progress Report?

In 2006, we introduced the *Charlotte-Mecklenburg Schools Strategic Plan 2010* outlining our vision and strategy to educate our students to compete locally, nationally and internationally.

The plan outlines seven areas of concentration: high academic achievement; effective educators; adequate resources and facilities; safe and orderly schools; freedom and flexibility with accountability; world-class service, and strong parent and community connections. This report summarizes how our school performed in the 2008-09 school year in making progress on these seven goals. On page 3, you will also find an explanation of federal and state accountability measures.

Educators and parents have a common goal of preparing our children to compete in an ever-growing global community. Working together requires frequent dialogue between school and parents, so please feel free to contact the principal or any staff member at our school.

REACH FURTHER.
