

# ► Nations Ford Elementary School

## A Message from the Principal

To our Nations Ford Elementary School families:

The annual School Progress Report for Nations Ford Elementary allows me the opportunity to give you information about where we have been and a vision for where we plan to go. The report also provides a snapshot of our academic progress, the accomplishments of the faculty and staff and our school environment.

The greatest schools are not necessarily those with the highest test scores, but rather those that enable students to achieve their potential and beyond. In our efforts to make this a distinct characteristic of Nations Ford Elementary, we must first realize the importance of nurturing relationships with every student—relationships that are built on genuine interest, trust, honesty, integrity and empathy.

Turning to academic achievement, our 2008-2009 composite proficiency score was 59 percent on the End-of-Grade tests. We made Adequate Yearly Progress (AYP), the standard set for schools by the No Child Left Behind Act, by meeting all of our 21 goals. This was the second consecutive year that we made AYP.

We use a variety of data to make instructional decisions that meet the needs of our students. The staff meets each day to plan relevant, meaningful and engaging lessons for students. Creative teaching techniques include new wireless technology, SMART Boards (interactive white boards) and direct instruction based on research and best practices. Teachers are engaged in professional development to strengthen their understanding of teaching, research and practice and the social issues facing our students. For students who may be struggling, teachers use a flexible approach and differentiated instruction; for those with high levels of learning, teachers may need to undertake intricate research with students.

*(Principal's message continued on back)*

## KEY FACTS

*Data effective as of spring 2009*

### Principal

Gifford K. Lockley

*email: g.lockley@cms.k12.nc.us*

### Grades

K - 5

### School Population

- 594 Students
- 47 Teachers
- 1 Assistant Principal
- 2 Student Services Specialists
- 1 Social Worker
- 30 Support Staff

### Student Demographics

- 43.1% African American
- 1.5% White
- 51.2% Hispanic
- 1.2% Asian
- 3.0% Other
- 93.9% of students qualify for free or reduced-price lunch

### Learning Community

<sup>2</sup>Based on responses to 2008-09 survey; multiple survey items may have been used to create a composite

<sup>3</sup>Incidents per 100 students

<sup>4</sup>Per 100 students

# CMS Accountability Measures

The learning of students in public education is measured in multiple ways. There are assessments given at regular intervals by CMS—tests that we use to measure how students are learning as the school year progresses. Other tests are required by the state and given once or twice a year, such as End-of-Course and End-of-Grade tests. Some of the state test results are also used to calculate district progress on the federal standard of Adequate Yearly Progress for each student. This page provides brief explanations of some of the measures and tests used in CMS.

## ► Adequate Yearly Progress (AYP)

Our school **DID** make AYP  
(21 of 21 goals met)

The federal No Child Left Behind Act requires that every school make Adequate Yearly Progress (AYP). AYP is an all-or-nothing standard: Every target must be met.

State test results are used to set AYP targets. There are separate targets for the school as a whole and for nine subgroups of students: white, black, Hispanic, Native American, Asian, multiracial, economically disadvantaged students, students with limited English proficiency and students with disabilities. Subgroups of students are measured separately so that an overall score for a class or a school does not mask poor results within a subgroup.

Some schools are more diverse than others, so the number of subgroups varies by school. Therefore, the number of AYP targets varies by school, too. Some schools may have only a few targets to meet; others may have the maximum, which is 41. School attendance and graduation rates are also measured for AYP.

For a more complete overview of AYP, visit [www.dpi.state.nc.us/nclb/abcayp/overview/ayp](http://www.dpi.state.nc.us/nclb/abcayp/overview/ayp)

For details of AYP results for our school and its student groups, visit <http://ayp.ncpublicschools.org>

## ► ABC Designation

Our school's designation: **Priority School**  
(DID meet growth expectations)

**Proficiency: 59.1%**

The North Carolina ABCs program was introduced more than a decade ago to help schools improve. It uses two basic measures to assess a school's performance: the Average Growth of students (at right); and the Performance Composite, which measures how well students performed against a state-set standard of academic achievement.

Schools are given one of seven designations. In descending order, they are: Honor School of Excellence, School of Excellence, School of Distinction, School of Progress, No Recognition, Priority School, and Low Performing.

For more information about ABCs, visit <http://abcs.ncpublicschools.org/abcs>

## ► Average Growth

State Standard: 80%  
**Our School: 80.7%**

Did our students meet the state's expectation for academic growth? Each student is expected to perform as well (or better) on the End-of-Grade assessment as he or she did, on average, during the previous two years. Average Growth for a school is calculated by comparing actual performance to expected performance and then averaging the difference across all students and all subjects. The score above reflects the combined growth rate of all of our students. To make expected growth, a school must have a score of 80% or higher.

## ► Students Making or Exceeding a Year's Worth of Growth

State Standard: 60%  
**Our School: 54.0%**

Did our students learn as much as they were expected to learn this year? As described above, the state sets expectations for each student based on individual performance for the previous two years. Across the state, about half of students typically meet or exceed this growth expectation. To earn the high-growth designation, a school must meet the average-growth standard described above and also have more than 60% of its students make expected growth.

## ► Amount of Growth for Students in the Lowest Achieving Group

**Our School: 79.9%**

Are we helping our low achievers catch up? Historically, some poor and minority students have trailed their classmates in academic achievement. This is called the achievement gap, and closing it is one of the biggest challenges in public education. If the lower-achieving students at a school show academic growth at a faster rate than higher-achieving students, the achievement gap is narrowed. When the percentage for this measure is higher than the Average Growth for the school, the school is closing the achievement gap.

## ► Positive Responses to Multiple Student Survey Items

<b>Our School's Results:</b>	<b>Safety</b>	<b>98%</b>
	<b>Encouragement</b>	<b>99%</b>
	<b>Engagement</b>	<b>99%</b>

Do our students perceive this school as safe and welcoming? This measure is subjective—it is taken from a student survey.

# ► Nations Ford Elementary School

*(Principal's message continued)*

We continue to offer a variety of interventions for students who need additional support in the classroom. Our 21st Century Collaboration Grant with In Time of Need Ministries supports tutoring and enrichment activities for 130 students for an additional two and a half hours each day, four days a week.

Teaching and learning are the core of what we do. As principal, I have been granted additional Freedom and Flexibility with Accountability. This gives the entire faculty and staff a greater responsibility to choose how we meet the needs of the school community. Our staff is highly qualified and experienced, and the number of teachers with advanced degrees and National Board certification is increasing. Their pursuit of additional learning reflects their dedication.

Nations Ford Elementary School has a rich and varied history, both as a neighborhood school and a former

magnet school. At Nations Ford Elementary School, we know the only way we can move to the head of the class is to keep a strong focus on teaching and learning. This focus, along with the core values that are embedded in our school culture, will ensure that the academic achievement of every child will continue to improve. I am confident that we will see continued growth this year at Nations Ford.

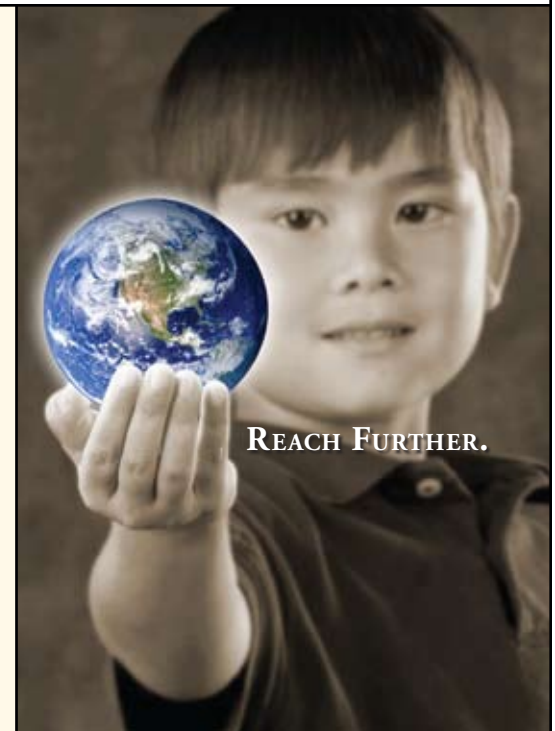

Sincerely,  
Gifford K. Lockley  
*Principal*

## What is the School Progress Report?

In 2006, we introduced the *Charlotte-Mecklenburg Schools Strategic Plan 2010* outlining our vision and strategy to educate our students to compete locally, nationally and internationally.

The plan outlines seven areas of concentration: high academic achievement; effective educators; adequate resources and facilities; safe and orderly schools; freedom and flexibility with accountability; world-class service, and strong parent and community connections. This report summarizes how our school performed in the 2008-09 school year in making progress on these seven goals. On page 3, you will also find an explanation of federal and state accountability measures.

Educators and parents have a common goal of preparing our children to compete in an ever-growing global community. Working together requires frequent dialogue between school and parents, so please feel free to contact the principal or any staff member at our school.

REACH FURTHER.
