

# ▶ Reid Park Elementary School

## A Message from the Principal

To our Reid Park Elementary School parents and families:

We are sending this annual School Progress Report to you as part of our effort to keep families fully informed about our students' academic progress, our staff and our school environment.

Reid Park has had a difficult few years, with a sizeable staff turnover and a lowering of student academic performance. For this reason, our school has been included in the CMS Strategic Staffing Initiative. This means that along with a change of principal and assistant principal, high-performing teachers were also brought to Reid Park in order to boost student achievement. After a full year under this initiative, we can confidently say that the decline has been arrested and student achievement is on the rise.

On the state End-of-Grade math tests, our composite proficiency rate was 46.6 percent, an increase of 5.9 points (without retests) from the previous year. That is truly an achievement to celebrate. In addition, Reid Park made Adequate Yearly Progress, the standard set for schools by the No Child Left Behind Act.

We are working diligently to best meet the needs of our students and are continuing several successful initiatives that were introduced last year.

First, Reid Park students wear uniforms. We also have a school-wide discipline plan in place with our school rules posted throughout the building. This reinforces the concept that Reid Park is a place of teaching and learning.

Student needs are being identified, and small-group instruction is being provided to certain students in order to move them to

*(Principal's message continued on back)*

## KEY FACTS

*Data effective as of spring 2009*

### Principal

Mary Sturge

email: [m.sturge@cms.k12.nc.us](mailto:m.sturge@cms.k12.nc.us)

### Grades

K - 5

### School Population

- 571 Students
- 48 Teachers
- 1 Assistant Principal
- 1 Student Services Specialist
- 1 Social Worker
- 38 Support Staff

### Student Demographics

- 91.2% African American
- 0.4% White
- 3.5% Hispanic
- 1.9% Asian
- 3.0% Other
- 97.0% of students qualify for free or reduced-price lunch

### Learning Community

<p><b>Safe &amp; Orderly Schools</b></p>	Passed the CMS safe school audit	YES	YES	<b>YES</b>
	Parents who indicate this is a safe school <sup>2</sup>	70%	96%	Insufficient Response
	Students who indicate this is a safe school <sup>2</sup>	80%	93%	<b>90.0%</b>
	Teachers who indicate this is a safe school <sup>1,2</sup>	—	89%	<b>86.2%</b>
	Number of incidents resulting in in-school suspensions <sup>1,3</sup>	—	—	<b>0</b>
	Number of incidents resulting in out-of-school suspensions <sup>1,3</sup>	—	—	<b>42.0</b>
<p><b>Freedom &amp; Flexibility with Accountability</b></p>	Principal has been granted additional freedom and flexibility <sup>1</sup>	—	—	<b>YES</b>
<p><b>World-Class Service</b></p>	Parents who indicate satisfaction with the responsiveness of staff at this school <sup>2</sup>	80%	88%	Insufficient Response
<p><b>Strong Parent &amp; Community Connections</b></p>	Parents who indicate satisfaction overall with this school <sup>1,2</sup>	—	86%	Insufficient Response
	Number of volunteer hours <sup>4</sup>	Increase by 25% district-wide	—	<b>32</b>
	Number of business and community partnerships	Increase by 25% district-wide	—	<b>6</b>

<sup>1</sup> Not a CMS 2010 goal

<sup>2</sup> Based on responses to 2008-09 survey; multiple survey items may have been used to create a composite

<sup>3</sup> Incidents per 100 students

<sup>4</sup> Per 100 students

# CMS Accountability Measures

The learning of students in public education is measured in multiple ways. There are assessments given at regular intervals by CMS—tests that we use to measure how students are learning as the school year progresses. Other tests are required by the state and given once or twice a year, such as End-of-Course and End-of-Grade tests. Some of the state test results are also used to calculate district progress on the federal standard of Adequate Yearly Progress for each student. This page provides brief explanations of some of the measures and tests used in CMS.

## ► Adequate Yearly Progress (AYP)

Our school **DID** make AYP  
(17 of 17 goals met)

The federal No Child Left Behind Act requires that every school make Adequate Yearly Progress (AYP). AYP is an all-or-nothing standard: Every target must be met.

State test results are used to set AYP targets. There are separate targets for the school as a whole and for nine subgroups of students: white, black, Hispanic, Native American, Asian, multiracial, economically disadvantaged students, students with limited English proficiency and students with disabilities. Subgroups of students are measured separately so that an overall score for a class or a school does not mask poor results within a subgroup.

Some schools are more diverse than others, so the number of subgroups varies by school. Therefore, the number of AYP targets varies by school, too. Some schools may have only a few targets to meet; others may have the maximum, which is 41. School attendance and graduation rates are also measured for AYP.

For a more complete overview of AYP, visit [www.dpi.state.nc.us/nclb/abcayp/overview/ayp](http://www.dpi.state.nc.us/nclb/abcayp/overview/ayp)

For details of AYP results for our school and its student groups, visit <http://ayp.ncpublicschools.org>

## ► ABC Designation

Our school's designation: **Low Performing**  
(DID NOT meet growth expectations)

**Proficiency: 37.6%**

The North Carolina ABCs program was introduced more than a decade ago to help schools improve. It uses two basic measures to assess a school's performance: the Average Growth of students (at right); and the Performance Composite, which measures how well students performed against a state-set standard of academic achievement.

Schools are given one of seven designations. In descending order, they are: Honor School of Excellence, School of Excellence, School of Distinction, School of Progress, No Recognition, Priority School, and Low Performing.

For more information about ABCs, visit <http://abcs.ncpublicschools.org/abcs>

## ► Average Growth

State Standard: 80%  
**Our School: 79.6%**

Did our students meet the state's expectation for academic growth? Each student is expected to perform as well (or better) on the End-of-Grade assessment as he or she did, on average, during the previous two years. Average Growth for a school is calculated by comparing actual performance to expected performance and then averaging the difference across all students and all subjects. The score above reflects the combined growth rate of all of our students. To make expected growth, a school must have a score of 80% or higher.

## ► Students Making or Exceeding a Year's Worth of Growth

State Standard: 60%  
**Our School: 47.9%**

Did our students learn as much as they were expected to learn this year? As described above, the state sets expectations for each student based on individual performance for the previous two years. Across the state, about half of students typically meet or exceed this growth expectation. To earn the high-growth designation, a school must meet the average-growth standard described above and also have more than 60% of its students make expected growth.

## ► Amount of Growth for Students in the Lowest Achieving Group

**Our School: 79.4%**

Are we helping our low achievers catch up? Historically, some poor and minority students have trailed their classmates in academic achievement. This is called the achievement gap, and closing it is one of the biggest challenges in public education. If the lower-achieving students at a school show academic growth at a faster rate than higher-achieving students, the achievement gap is narrowed. When the percentage for this measure is higher than the Average Growth for the school, the school is closing the achievement gap.

## ► Positive Responses to Multiple Student Survey Items

<b>Our School's Results:</b>	<b>Safety</b>	<b>90%</b>
	<b>Encouragement</b>	<b>96%</b>
	<b>Engagement</b>	<b>94%</b>

Do our students perceive this school as safe and welcoming? This measure is subjective—it is taken from a student survey.

# ▶ Reid Park Elementary School

*(Principal's message continued)*

grade level. Our teachers meet regularly to assess student progress on concepts taught, and they adjust instruction accordingly.

Interactive learning tools are a daily part of the curriculum as we provide a hands-on approach to learning for our students. Technology is woven into the curriculum, including the use of SMART Boards (interactive white boards) in all of our classrooms. Additionally, we provide free after-school tutoring to help students catch up.

Reid Park is rich in its volunteer manpower as well as its partnerships. Last year, 298 volunteers donated their time to the school, almost 100 more than the previous school year. The community truly embraces our school, offering support in many differing areas. Each day, volunteers work as lunch buddies, writing tutors, reading coaches

and mentors. Several of our partners have provided uniforms for our students and for our uniform closet. Myers Park Traditional is our partnership school and includes our students in several of its cultural arts events.

As you can see, I have reason to be most confident that we will see significant growth in our students' academic achievement this year.

Sincerely,  
Mary Sturge  
*Principal*

## What is the School Progress Report?

In 2006, we introduced the *Charlotte-Mecklenburg Schools Strategic Plan 2010* outlining our vision and strategy to educate our students to compete locally, nationally and internationally.

The plan outlines seven areas of concentration: high academic achievement; effective educators; adequate resources and facilities; safe and orderly schools; freedom and flexibility with accountability; world-class service, and strong parent and community connections. This report summarizes how our school performed in the 2008-09 school year in making progress on these seven goals. On page 3, you will also find an explanation of federal and state accountability measures.

Educators and parents have a common goal of preparing our children to compete in an ever-growing global community. Working together requires frequent dialogue between school and parents, so please feel free to contact the principal or any staff member at our school.

REACH FURTHER.
