

► University Park Creative Arts Elementary School

A Message from the Principal

To the University Park Creative Arts Elementary School family:

We are sending you this annual School Progress Report for University Park Creative Arts Elementary so that you may be fully informed about our students' academic progress, our staff and our school environment.

Last year, we made significant gains on all End-of-Grade tests. In math, our composite proficiency rate was 69.2 percent, while in reading, 64.7 percent of our students demonstrated proficiency. On the fifth-grade science test, 46.2 percent of students scored at or above grade level, a 9.4 point increase from the previous year. Across all subjects, and without retests, our students' scores increased by an average of 2 points from 2007-2008.

We also achieved success by making Adequate Yearly Progress, the standard set for the schools by the No Child Left Behind Act. We met all 13 of our targets.

This year, we are strengthening learning in all core subjects by using the Imagine It reading program and Math Investigations, an innovative method of teaching math that helps build comprehension of math fundamentals. Our staff works collaboratively to share ideas and strategies to help improve teaching and learning. Furthermore, we analyze data regularly to help us gain a better understanding of each child's needs and drive our instructional decisions.

As a FOCUS (Finding Opportunities; Creating Unparalleled Success) school, we provide targeted support for students and offer after-school tutoring in February to select third- through fifth-grade students. In addition, we are using the Positive Behavioral Interventions and Supports program to reduce the number of office referrals and out-of-school suspensions. This year, students are having a stronger voice at University Park as we elect more student council officers.

(Principal's message continued on back)

KEY FACTS

Data effective as of spring 2009

Principal

Janice L. Davidson

email: janice.l.davidson@cms.k12.nc.us

University Park Creative Arts School is a full Visual and Performing Arts magnet.

Grades

K - 5

School Population

- 489 Students
- 40 Teachers
- 1 Assistant Principal
- 1 Student Services Specialist
- 23 Support Staff

Student Demographics

- 83.4% African American
- 4.1% White
- 5.5% Hispanic
- 2.0% Asian
- 4.9% Other
- 72.4% of students qualify for free or reduced-price lunch

CMS 2010 Strategic Plan Goals	Key Performance Measures	CMS 2010 Goal	CMS Result 2008 - 2009	School Result 2008 - 2009
<p>High Academic Achievement</p> <p>Students in grades three through eight who do not pass the End-of-Grade tests may take the test again. Retests often raise a school's score at least slightly, because some students pass the test on the second try. Retest results were not included in school scores until 2008-2009. Comparing the 2007-2008 scores and the 2008-2009 scores is therefore not valid, because the scores were not calculated the same way.</p> <p>Disparity between socioeconomic groups is shown as a positive percentage when non-economically disadvantaged students outscore economically disadvantaged students; a negative percentage indicates the reverse.</p> <p><i>Data effective as of 7/14/09</i></p>	Students performing at or above grade level overall ¹	—	72%	63.9%
	Students performing at or above grade level in reading	95%	68%	64.7%
	Students performing at or above grade level in math	88%	80%	69.2%
	Students performing at or above grade level in science	80%	60%	46.2%
	Disparity between racial/ethnic groups in reading	10%	34%	28.5%
	Disparity between racial/ethnic groups in math	10%	26%	33.9%
	Disparity between racial/ethnic groups in science	10%	44%	22.7%
	Disparity between socioeconomic groups in reading	10%	28%	16.6%
	Disparity between socioeconomic groups in math	10%	18%	8.3%
	Disparity between socioeconomic groups in science	10%	32%	23.4%
<p>Effective Educators</p>	Teachers deemed highly qualified, having appropriate educational backgrounds and state certification(s) for the grade levels and subjects they are teaching	99%	100%	100%
	National Board-certified teachers	17%	13%	22%
	Teachers with graduate degrees	36%	35%	44%
	Teachers' average years of experience	11.2	10.3	9.5
<p>Adequate Resources & Facilities</p>	Student/Computer Ratio	5:1	3:1	3:1
<p>Safe & Orderly Schools</p>	Passed the CMS safe school audit	YES	YES	YES
	Parents who indicate this is a safe school ²	70%	96%	100%
	Students who indicate this is a safe school ²	80%	93%	94.1%
	Teachers who indicate this is a safe school ^{1,2}	—	89%	89.5%
	Number of incidents resulting in in-school suspensions ^{1,3}	—	—	0
	Number of incidents resulting in out-of-school suspensions ^{1,3}	—	—	17.2
<p>Freedom & Flexibility with Accountability</p>	Principal has been granted additional freedom and flexibility ¹	—	—	NO
<p>World-Class Service</p>	Parents who indicate satisfaction with the responsiveness of staff at this school ²	80%	88%	91.3%
<p>Strong Parent & Community Connections</p>	Parents who indicate satisfaction overall with this school ^{1,2}	—	86%	93.6%
	Number of volunteer hours ⁴	Increase by 25% district-wide	—	513
	Number of business and community partnerships	Increase by 25% district-wide	—	13

¹Not a CMS 2010 goal

²Based on responses to 2008-09 survey; multiple survey items may have been used to create a composite

³Incidents per 100 students

⁴Per 100 students

CMS Accountability Measures

The learning of students in public education is measured in multiple ways. There are assessments given at regular intervals by CMS—tests that we use to measure how students are learning as the school year progresses. Other tests are required by the state and given once or twice a year, such as End-of-Course and End-of-Grade tests. Some of the state test results are also used to calculate district progress on the federal standard of Adequate Yearly Progress for each student. This page provides brief explanations of some of the measures and tests used in CMS.

► Adequate Yearly Progress (AYP)

Our school **DID** make AYP
(13 of 13 goals met)

The federal No Child Left Behind Act requires that every school make Adequate Yearly Progress (AYP). AYP is an all-or-nothing standard: Every target must be met.

State test results are used to set AYP targets. There are separate targets for the school as a whole and for nine subgroups of students: white, black, Hispanic, Native American, Asian, multiracial, economically disadvantaged students, students with limited English proficiency and students with disabilities. Subgroups of students are measured separately so that an overall score for a class or a school does not mask poor results within a subgroup.

Some schools are more diverse than others, so the number of subgroups varies by school. Therefore, the number of AYP targets varies by school, too. Some schools may have only a few targets to meet; others may have the maximum, which is 41. School attendance and graduation rates are also measured for AYP.

For a more complete overview of AYP, visit www.dpi.state.nc.us/nclb/abcayp/overview/ayp

For details of AYP results for our school and its student groups, visit <http://ayp.ncpublicschools.org>

► ABC Designation

Our school's designation: **School of Progress**
(DID meet growth expectations)

Proficiency: 63.9%

The North Carolina ABCs program was introduced more than a decade ago to help schools improve. It uses two basic measures to assess a school's performance: the Average Growth of students (at right); and the Performance Composite, which measures how well students performed against a state-set standard of academic achievement.

Schools are given one of seven designations. In descending order, they are: Honor School of Excellence, School of Excellence, School of Distinction, School of Progress, No Recognition, Priority School, and Low Performing.

For more information about ABCs, visit <http://abcs.ncpublicschools.org/abcs>

► Average Growth

State Standard: 80%
Our School: 81.3%

Did our students meet the state's expectation for academic growth? Each student is expected to perform as well (or better) on the End-of-Grade assessment as he or she did, on average, during the previous two years. Average Growth for a school is calculated by comparing actual performance to expected performance and then averaging the difference across all students and all subjects. The score above reflects the combined growth rate of all of our students. To make expected growth, a school must have a score of 80% or higher.

► Students Making or Exceeding a Year's Worth of Growth

State Standard: 60%
Our School: 54.6%

Did our students learn as much as they were expected to learn this year? As described above, the state sets expectations for each student based on individual performance for the previous two years. Across the state, about half of students typically meet or exceed this growth expectation. To earn the high-growth designation, a school must meet the average-growth standard described above and also have more than 60% of its students make expected growth.

► Amount of Growth for Students in the Lowest Achieving Group

Our School: 81.0%

Are we helping our low achievers catch up? Historically, some poor and minority students have trailed their classmates in academic achievement. This is called the achievement gap, and closing it is one of the biggest challenges in public education. If the lower-achieving students at a school show academic growth at a faster rate than higher-achieving students, the achievement gap is narrowed. When the percentage for this measure is higher than the Average Growth for the school, the school is closing the achievement gap.

► Positive Responses to Multiple Student Survey Items

Our School's Results:	Safety	94%
	Encouragement	97%
	Engagement	98%

Do our students perceive this school as safe and welcoming? This measure is subjective—it is taken from a student survey.

► University Park Creative Arts Elementary School

(Principal's message continued)

Our faculty is highly qualified and experienced, with many of our teachers having been with University Park for four or more years. Seven staff members are National Board-certified and two of our teachers have been selected to participate in the CMS/Winthrop University initiative called Leaders for Tomorrow. We are proud that one of our teachers has been selected as a CMS Professional Development Master Teacher. In addition, several of our teachers train other educators and staff in key CMS initiatives.

As a creative-arts magnet school, we continue to enrich the learning of our students by providing a high level of arts integration. For the last three years, we have received a \$10,000 grant from the Arts & Science Council, one of several strong partnerships we have with the arts community. This grant, along with our partnerships with Blumenthal Performing Arts Center and the Community School of the Arts, gives us opportunities to identify guest artists to work with our teachers. This helps to stimulate and academically challenge our students.

I am confident that we will continue to see improvement in student achievement at University Park, where teachers believe in all students and value the potential of each child. Several teachers have been part of the school family since it reopened as a magnet school 14 years ago, and I am only the second principal in the school's history.

In addition to the North Carolina Standard Course of Study, our students receive support from Talent Development (William & Mary Curriculum) and Exceptional Children and English as a Second Language services. Students benefit from enriching experiences in four arts areas: dance, music, theatre and visual art. At University Park Creative Arts Elementary, we believe that Arts + Academics = Success.

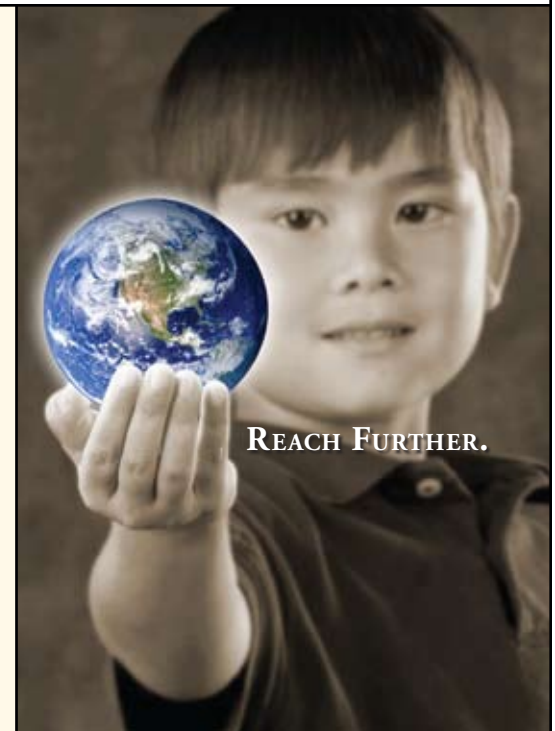

Sincerely,
Janice L. Davidson
Principal

What is the School Progress Report?

In 2006, we introduced the *Charlotte-Mecklenburg Schools Strategic Plan 2010* outlining our vision and strategy to educate our students to compete locally, nationally and internationally.

The plan outlines seven areas of concentration: high academic achievement; effective educators; adequate resources and facilities; safe and orderly schools; freedom and flexibility with accountability; world-class service, and strong parent and community connections. This report summarizes how our school performed in the 2008-09 school year in making progress on these seven goals. On page 3, you will also find an explanation of federal and state accountability measures.

Educators and parents have a common goal of preparing our children to compete in an ever-growing global community. Working together requires frequent dialogue between school and parents, so please feel free to contact the principal or any staff member at our school.

REACH FURTHER.
